

International Cricket at Trent Bridge 2010

England v Bangladesh 1st ODI – 8th July (Day / Night)

England v Pakistan 1st Test – 29th July – 2 August

Combining classical design with modern facilities, the third oldest Test ground is many cricket fans' international venue of choice. Following renovations in 1998 and 2002, Trent Bridge's capacity reached 15,000, whilst retaining the charm of the original pavilion, built in 1886.

In 2010, Trent Bridge will enjoy the fireworks as Kevin Pietersen, Eoin Morgan and Matt Prior look to fill their boots against a rapidly-improving Bangladeshi team, before hosting the unpredictable, volatile yet potentially brilliant Pakistanis in the longer form of the game. This promises to be a fascinating series as Andrew Strauss continues to try and build on the 2009 Ashes success.
