

Ascari Race Experience

Ascari Race Experience

Dates TBC

Introduction

Race Resort Ascari have designed and built what is probably the ultimate driving circuit, incorporating complexity, challenge and the most exciting features from the finest circuits around the world. Longer than most formula 1 circuits and with twice as many corners, it encourages maximum speed and allows for maximum versatility.

When guests arrive at this millionaires playground they will be amazed at the sheer luxury of the facilities, a petrol heads paradise. Ascari is a private members club but for one day this facility will be exclusively theirs. Guests will be treated to a behind the scenes tour of the garages where the rich and famous keep their private collection of supercars. This all combined with the adrenalin of driving round the circuit makes for a perfect retreat.

XSEM is delighted to present a two day programme that cannot fail to impress.

Your 2 day event will include:

- 2 nights of single accommodation
- All transfers
- Informal evening meal on day one
- Exclusive track hire
- Full race programme (details below)
- Post race gourmet dinner at the race resort
 - Three course dinner
 - Champagne aperitif
 - Canapés
 - ½ Bottle of wine per person
- Branded guest documentation
- XSEM director in attendance throughout

- Dinner in the famous Ascari Club House
- Return transfers to hotel
- Evening at leisure

Friday

- Check out of the hotel
- Return transfers to Malaga airport
- Return flights

HOTEL OPTIONS - RONDA

Guests stay in the picturesque town of Ronda. Located 45 mins from Marbella but only 10mins from the circuit this option offers convenience and old world charm.

Hotel Parador

Located in the centre of the city, in a privileged location, next to the emblematic Puente Nuevo in Ronda, Parador de Ronda Hotel rises up over the former town hall. The property is an impressive enclave, with unique views of the Tagus, in a gorge. The hotel offers cheerful bedrooms that are well appointed, beautiful and provide comfortable views along with the air of grace and elegance.

RESTAURANT OPTION

Ronda Restaurante Santa Pola

Constructed in the 19th century but altered and rebuilt over the years, this building on the outskirts of the city opens onto views of the gorge. It's composed of three levels built onto the mountainside; access is through the third floor.

The interior is a mix of Moorish, rococo, and contemporary, with a decor of antique ornaments, wooden floors, archways, terra-cotta walls, and red bistro-style tablecloths. Many of the meals are cooked in a traditional brick oven.
